DISTRICT COURT BUSINESS.

Three Couples Divorced—\$10,000 Damage Suit—Musical Program at Tabernacle Sunday.

Ogden, Nov. 23.—There are few wards in the Weber stake that have choristers to conduct the singing in the Sunday schools and various church gatherings. The presidency of the stake and presiding officers of the various organizations have been for long time considering this matter and have consulted with Prof. Joseph Ballantyne on the same, arriving at the conclusion that the best method to pursue to remedy these conditions would be the establishment of a chorister class. Prof. Ballantyne consented to take up this labor, and arranged for the first class to be held at noon today at the Weber Stake Academy hall. The class will comprise about 200 members. Each ward in the stake will be entitled to seven representatives in the class. One chorister and an assistant from each Sunday school and one from each of the three departments, one from the Young Ladies, and one from the Young Men's associations. There are 29 wards in the stake. The classes will be held at noon every Saturday. With conscientious work on the part of those chosen to take up this labor, a great improvement in the musical part of the various church services should soon

endant association it was owing him \$100 as wages. His claim he presented to the association as a preferred claim, but defendant failed to make payment of the same, hence the suit. The court took the matter under advisement.

PAINFUL ACCIDENT.
While Mrs. Hannah Tingey of the Fourth ward was painting her chicken coop last Monday the building fell over her, striking her on the feet and pinned her down, where she was held for some time. Her repeated call for help brought no one as her home is in the outskirts of town and no neighbors near by. When she got her feet extricated they pinned her so she could not walk. She crawled to the house where she laid for hours until Bishop Brigham Wright came passing by when she called to him. A doctor was sent for and he found several small bones of the foot broken. These were attended to and Mrs. Tingey is getting along as well as could be expected.

"What is most needed just now is that our citizens should realize how fundamentally sound business conditions in this country are and how absurd it is to permit themselves to get into a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks."

HUNTSVILLE.

Agent Dr. Browning's Election as City Recorder.

The Deseret News and its correspondents at Huntsville greatly regret that any exception was taken to a paragraph printed in the issue of November 8, stating that Dr. Browning, who had been elected city recorder, had retired from the practice of medicine. The item was written simply as a placeholder and out of compliment to Dr. Browning's election, with no intention of insinuating his lack of qualifications. The doctor's standing in Huntsville is so well known that this insinuation might not be thought to be necessary, but to satisfy some of his friends, it is cheerfully inserted.
